There is some information regarding the Healthcare Workers Bonus-Senator Cooney had an amendment to the Health Care Workers Act to include fire districts. We have reached out to our attorney for his counsel to see if it affects our ability to buy into this law. Despite the fire district verbiage being added, it does not take away any of the other restrictions that were already in place, including that we do not bill for EMS services. Despite the proposed amendment, there is no change at this time.

District Inspections were sent to the Board.
